

## Drug Testing Overview – Policy FNF

- Drug testing is done at least 4 times throughout the school year
- Administration (Nancy Yeary) will send a list to the drug company of all students involved in a “school-sponsored extracurricular activity”
- The drug company then randomly selects which students will be tested and sends that list to the administration that in turn sends the list to the principal on the morning of the drug testing
- The consent forms requests information about prescription and non-prescription medication taken on a regular basis, but if the student is drug tested additional documentation will be needed to verify what the student is presently taking (prescriptions can change throughout the year)
- If a student is absent the day of the test, a sample shall be collected on the next random testing date
- Samples shall be taken under conditions that are no more intrusive to students than the conditions experienced in a public restroom
- Any positive test result shall be confirmed by a second, more definitive test before being reported as positive.
