Comprehensive Needs Assessment

Needs Assessment Overview

Needs Assessment Overview Summary

Overall, our school is perceived as a school that provides many opportunities for our students and is improving on all areas to help our students become the "Best of the Best".

Student Learning

Student Learning Summary

Our students are progressing. Since 2018, we have increased our CTE education and it has provided more certifications for our students. We have disaggregated our data from our previous EOC scores to find ways to improve our academic growth for our students. We have kept our dropout rate low and continue to find ways to help keep our struggling students in school.

Student Learning Strengths

Our students continue to take the ACT/SAT for college entrance; however, we are seeing more students take the path of finding a career instead of attending college.

Problem Statements Identifying Student Learning Needs

Problem Statement 1: More students are becoming more disconnected with wanting to go to college. **Root Cause:** Having more opportunities to receive a certification in a career path.
